(c) and (d) No survey has been conducted. Concerned allottees have been directed to demolish the unauthorised installations of dish antenna within 15 days, failing which appropriate action under the provisions of the Allotment Rules would be taken.

Water crisis in Shanti Niketan, South Delhi

3433. SHRI G. Y. KRISHNAN: Will the Minister of URBAN DEVELOPMENT be pleased to refer to the reply to Unstarred Question 1564 given in the Rajya Sabha on the 8th May, 1992 and state:

(a) the progress made so far in digging up of a tube-well to augment the supply of water caused due to the diversion of water hydrant for the Sadhu Vaswani Mission School in Shanti Niketan, New Delhi;

(b) whether any follow up action is also being taken to instal the chlorinated plant to make this water potable;

(c) if not, the reasons therefor; and

(d) whether the residents of the Colony had again represented to the Engineer-in-Chief of the Delhi Water Supply and Sewage Disposal Undertaking against the most dwindling and erratic water supply to the colony and complained that on certain days there was no water supply at all during the latter half of June last?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT (SHRI M. ARUNACHALAM): (a) Delhi Water Supply & Sewage Disposal Undertaking has informed that the drilling of the tube-well has since been completed and is likely to be commissioned in August' 92.

(b) and (c) D.W.S. & S.D.U. have affirmed that the Chlorinator will be installed at the tubewell for supplying chlorinated/potable water.

(d) One representation was received by DWS & SDU during June' 92. On enquiry, it was found that the water supply position was satisfactory even during the peak summer months barring the days when there was a major breakdown at the Haiderpur Treatment Plant, affecting the supply of water to the entire South Zone area.

Development of Guwahati city

3434. SHRI BHADRESHWAR BURAGOHAIN: Will the Minister of URBAN DEVELOPMENT be pleased to state:

(a) whether Government are aware that Guwahati in Assam is one of the worst cities in the country in respect of planning, pollution and hygiene;

(b) whether Government have chalked out any scheme to prevent further deterioration of the city; and

(c) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT) (SHRI M. ARUNACHALAM): (a) to (c) "Urban Development" is a State subject. The Ministry of Urban Development in the Government of India plays only a nodal role. The allocation of funds for the Urban Development schemes of the State Governments and Union Territories is made by the Union Planning Commission on the basis of Plan proposals submitted by States/Union Territories concerned. Except for certain specific Centrally sponsored schemes such as IDSMT NRY. UDSP for which provision is made in the budget by the Ministry of Urban Development, the overall allocation for Urban Development are made in the State Sector. It is, therefore, for the State Govt. to formulate suitable schemes/proposals for allocation of funds, while forwarding the State Plan Proposals for development of cities/towns with a view to prevent deterioration of the cities/towns of the State.
